# Smartly.ai

#### **About**

Smartly.ai

Address

Website: https://www.smartly.ai

## **Definition**

Create, deploy and monitor cross device voice applications with Smartly AI. The intuitive SaaS platform has been designed to be used by all profiles, enabling all members of a project team to effectively collaborate to create a voice application. Smartly AI's unique framework means that users create a voice application once and then can seamlessly deploy it on any voice platform (Amazon Alexa, Google Home, Cortana...).

### **Get started**
