

TTS uniMRCP integration

- **Web site** : <https://www.unimrcp.org/>

The Media Resource Control Protocol (MRCP) is a network protocol based on the client/server model. MRCP allows client applications to control media service resources residing in servers. The first version of the protocol was published as an informational document, whereas its successor, MRCPv2, is currently a proposed standard.

Asterisk interation : <https://www.unimrcp.org/manuals/html/AsteriskManual.html>

- **Configuration** :

voximal.conf

```
[prompt]
method : ASTERISK
ssml : yes (or no for plain/text)
```
