

DIDx

- **Web site** : <https://www.didx.net/>

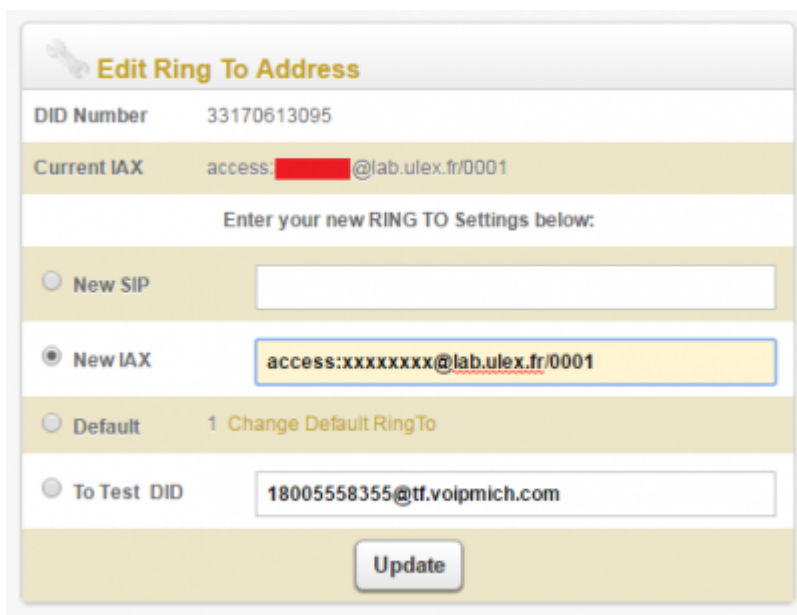

DID Exchange is a VOIP-based wholesale DID Phone Number marketplace which can and is used by Mobile Operators, LECs, CIECs, IXC's or other telecommunications service providers who offer or use any kind of PHONE NUMBERS in there network.

- **Configuration** :

By default the Voxibot installer create an account to receive external incoming calls. You need to get the password of the instance (voximal show licence). In the DIDx interface after purchased a DID number go to the configuration panel and set :

Change the RingTo :

A screenshot of a web form titled 'Edit Ring To Address'. It contains several fields: 'DID Number' with value '33170613095', 'Current IAX' with value 'access:[redacted]@lab.ulex.fr/0001', a section 'Enter your new RING TO Settings below:' with three radio buttons: 'New SIP' (unselected), 'New IAX' (selected) with value 'access:xxxxxxxx@lab.ulex.fr/0001', and 'Default' (unselected) with a link '1 Change Default RingTo'. There is also a 'To Test DID' field with value '18005558355@tf.voipmich.com' and an 'Update' button at the bottom.

IAX:
